

HIGH MARKS FOR VINE CONNECTIONS' ARGENTINA PORTFOLIO

18 NEW 90+ SCORES (March 2021)

"For JamesSuckling.com, **this year marks a turning point for Argentinian wines...** We are confident that it is the best year ever in our experience with Argentina since our team first traveled to the country six years ago to taste wines and talk with the people behind the great bottles. Argentina's recent success was first and foremost paved by a trio of great vintages of 2017, 2018, and 2019...**These price-quality ratios are hard to believe!**"
