

“CHILE: THINK OUTSIDE THE BOX”

By Luis Gutierrez, January 2016

“This is not the industrial and boring Chile you might have had in mind.
THINK OUTSIDE THE BOX.”

CLOS DES FOUS

“[in the terroir conversation] It is impossible not to mention Pedro Parra and Francois Massoc [Clos des Fous]... Parra is one of the **WORLD’S LEADING TERROIR EXPERTS** and works with clients in Chile, Argentina, Italy, France, Oregon and Spain.”

GARCIA + SCHWADERER

Garcia + Schwaderer VIGNO 2013 is one of Luis’ **TOP 3 BEST WINES** out of 900 wines tasted.

“Felipe García and Connie Schwaderer are founding members of Vigno and Movi, two of the country’s most active wine organizations. The pure Cariñena/Carignan 2013 Vigno from the Garcia+Schwaderer project could be their best wine to date... **Among the best** of Cariñena from Maule.”

“In general, I would say the moment of change in which the Chilean wine scene is currently submerged is really interesting. Some might think this is a revolution, but for me it’s an evolution of what I found in my previous visit.... the potential is enormous!”
