

Introducing A Brand New BODINI

New Wine

Approachable Malbec that showcases the unique region of Mendoza. Bodini highlights the region's high-elevation desert, long sunny days, cold nights, low humidity, and natural irrigation from glacial snowmelt from the Andes Mountains. Grapes are hand-harvested from Luján de Cuyo and Maipu.

Fruit and spice on the palate balanced by notes of plums and blackberries. Ripe in the mouth with soft, round tannins and a long finish.
