Same amazing quality wine found in bottle from one of Argentina's most treasured winemakers, Jimena Lopez.

BODINI

Approachable Malbec that showcases the unique region of Mendoza. Bodini highlights the region's high-elevation desert, long sunny days, cold nights, low humidity, and natural irrigation from glacial snowmelt from the Andes Mountains. Grapes are hand-harvested from Luján de Cuyo and Maipu. **90 points, James Suckling 2017 vintage.**

Fruit and spice on the palate balanced by notes of plums and blackberries. Ripe in the mouth with soft, round tannins and a long finish.
