VINE CONNECTIONS
www.vineconnections.com

J. Bouchon leads Chile's wine evolution by revitalizing ancient Pais vines in the Maule Valley to preserve their ancestral viticulture and transform Chile's modern wine chapter.

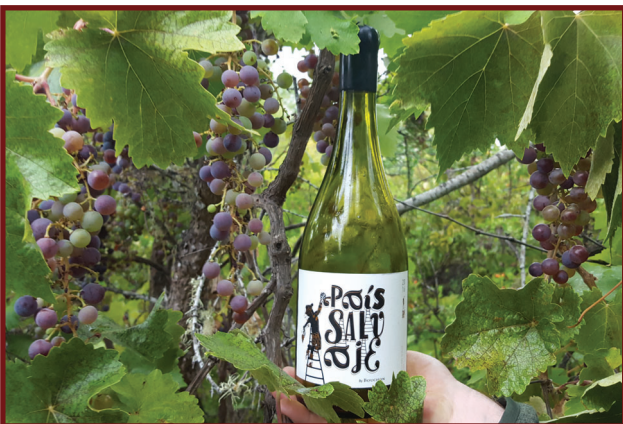

Using ladders to harvest the Pais Salvaje wild vines

Over 100-year-old Pais vines in Maule

J. BOUCHON FAST FACTS

- J. Bouchon is a 4th generation, family-owned winery based in Chile's southern Maule Valley.
- The winemaking team has focused on extensive soil research in their vineyards to bring quality and sense of place to their wines that is unique to Maule.

PAÍS FAST FACTS

- First vinifera vine ever brought to the Americas from the Canary Islands, Spain in the 1500's.
- Vigorous, productive, and tolerant of drought.
- Many vines in Chile are over 100 years old.
- Mostly planted in the Maule Valley.

TASTING NOTES:

Light, juicy red fruits, firm tannins, medium acidity.
