

GET TO KNOW VINE CONNECTIONS

Leading Importer of Premium Argentine and Chilean Wine and Japanese Sake

- In 1999, Vine Connections pioneered the first nationally imported portfolio of artisan wines from Argentina. Of the initial 5 brands and 12 wines released, the <u>least</u> expensive was \$24 retail.
- In 2001, Vine Connections became the US' premier Japanese ginjo sake importer, offering sake from 11 family-run breweries spanning the length of the country from Hokkaido to Kyushu. Today, VC represents 15 family breweries and more than 30 different sake.
- In March 2013, Vine Connections introduced the world to "The New Chile" with a portfolio of 9 family-run wineries with 11 brands from 12 different regions within Chile. The prices ranged from \$15 to \$200 retail.
- In 2001, Food & Wine Magazine named Vine Connections one of three "Importers to Watch." The company was also recognized as an "Importer You Can Trust" by Slate Magazine (2009) and Details Magazine (2010). In 2014, Wine Enthusiast Magazine nominated Vine Connections for "Wine Importer of the Year."
- When Ed y Nick started Vine Connections, they told themselves, "When people who represent us go into an account, we never want them to have to worry about the quality of the wine in the bottle." This mantra still drives their daily pursuit to represent the best wines & sake at all prices.

MEET ED

MEET NICK

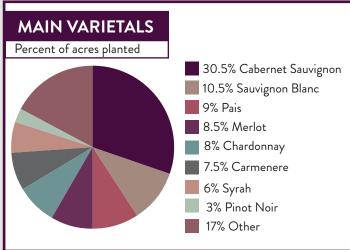

- 1. I have been a wine lover since college and have worked in the wine business since 1986. I am getting pretty good at it, but I still learn something new every day.
- 2. My wine career has been in retail sales, wholesale sales, national brand marketing, direct-to-consumer, and national importing.
- 3. My boss once told me, "Edward, you should spend more time drinking Mouton-Cadet and less time drinking Mouton-Rothschild." That was 1993, and I have been my own boss ever since.
- 4. I like wines that have the following three characteristics: 1) balance, 2) balance, 3) balance.
- 5. My favorite hangover quote: "You can never say, 'I drank too much wine last night.' You CAN say, 'I drank A LOT of wine last night!"

- 1. At 16, I lived in Fixin, France as an exchange student. Every night I would enjoy a bottle of Burgundy with my host family, which was my first step into the world of wine.
- 2. While attending Berkeley, I needed a job and found an opening at the North Berkeley Wine Co. I have never worked outside of the wine industry since.
- 3. I started Vine Connections as a brokerage/distributor in 1995. My first client was Billington, the importer for Catena, and I grew California into a top-3 market.
- 4. I met Ed after hearing a KFOG radio ad for his direct mail company "Passport Wine Club" while driving over the Golden Gate Bridge.
- 5. I have been in the wine business for almost 30 years, but it feels like yesterday when I was driving cases of wine in my Nissan Sentra making sales calls and deliveries to Southern California.

VALUE

CHILEAN IMPORTS TO THE US | RETAIL PRICE

DIVERSITY

CHILEAN IMPORTS TO THE US | VARIETALS

- Cabernet Sauvignon is the #1 imported Chilean varietal to the US.
- 92% of Chilean red wine imports to the US are made from Bordeaux varietals.
- Carmenere is only 5% of total imported Chilean wine to the US.
- Sauvignon Blanc (50%) and Chardonnay (40%) make up 90% of the white wine imported to the US from Chile.
- Varietals like Syrah, Carignan, Pais, Pedro Ximenez, and Sauvignon Gris are all less than 1% of the imported varietals to the US.

CHILEAN WINE CAPTURES GLOBAL ATTENTION

DECANTER

"Chile is making a shift up from the lower echelons of the pricing spectrum into more premium territory...now it's clear producers are focusing on imbuing the wines with elegance, restraint and great capacity to age. This is very promising news."

Peter Richards MW, 'World Wine Awards 2017', July 2017

JAMES SUCKLING

"The quality-price ratio is hard to ignore: highly rated Chilean bottles that cost \$15 to \$30 a bottle in the United States can easily compete with European or Californian counterparts that would cost three to four times as much."

James Suckling, 'The Time for Chilean Wine is Now', May 2017

WINE & SPIRITS

"[These wines] offer a completely different face of Chile, a style of wines that give the country a way into the conversation... and joins the eternal search for wines of authenticity."

Patricio Tapia, 'Shaby Chic, Chile's Vino Pipeño', February 2017

WINE ENTHUSIAST

"During the 17 years I have covered Chilean wine for Wine Enthusiast, never have more boutique wines made their debut than right now. Now more than ever, the little guy in Chile is making waves."

Michael Schachner, 'Chile's Small Wineries Are Crushing It', October 2016

ROBERT M PARKER JR.'S THE WINE ADVOCATE

"This is not the industrial and boring Chile you might have had in mind. THINK OUTSIDE THE BOX." Luis Gutierrez, 'Chile: Think Outside The Box', January 2016

VINOUS

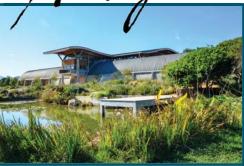

"It's a little depressing that sommeliers who seek out wines from the most obscure regions of France, Italy, Spain and California apparently can't seem to find even a single Chilean bottling that meets their standards. Are [sommeliers] even bothering to look at this vinously diverse country's wines at all? I wonder because today there are many excellent wines available from Chile, as well as countless outstanding values."

Josh Reynolds, 'Chile's New Releases: Growing Diversity and Raising Quality', July 2015

As a pioneer of the Leyda Valley, Amayna creates its own category of a rich style of cool climate wines grown within sight of the ocean and carefully vinified in a gravity-fed winery.

WHY DOES AMAYNA STAND OUT?

- Amayna was one of the first wineries to establish the Leyda appellation in the late 1990s when Garcés Silva family recognized the incredible, overlooked potential of Chile's San Antonio coast for premium viticulture.
- Amayna's boutique, gravity-fed winery is designed for quality winemaking and environmental sustainability.
- Amayna vineyards have an unobstructed view of the ocean and are located seven miles inland from the coast. The word "amayna" in Chile loosely translates to "the calm after the storm" - that ominous yet peaceful feeling that you only experience around the ocean.

SAUVIGNON BLANC: Ocean breezes bring a savory saline balance to the wine's intense fruit character. A beautiful wine with balanced acidity and expressive notes of tropical fruits such as mango, pineapple and passion fruit.

PINOT NOIR: A rich and coastal Pinot that has world-class elegance and quality. The influence of the sea and soil combined with slow ripening make for a deep ruby-red wine with a touch of violet and great aromatic complexity.

"Shows a suave balance of richness and vivacity, with an earthiness that's highly reminiscent of serious Burgundy." - Stephen Tanzer, International Wine Cellar

Aquitania, one of the first boutique wineries in Chile, brings you Bordeaux-style Cabernets from the complex gravel vineyards of the Macul area in Maipo.

WHY DOES AQUITANIA STAND OUT?

- Aquitania was one of the first small-production, boutique wineries in Maipo.
- Aquitania Cabernets have a true 'Macul' style: earthy, herbal, reminiscent of Bordeaux.
- The project is a one-of-a-kind partnership between Felipe de Solminihac (Aquitania & Sol de Sol), Paul Pontallier (Chateau Margaux), Bruno Prats (Chateau Cos d'Estournel) and Ghislain de Montgolfier (Bollinger).

CABERNET SAUVIGNON: An elegant Andean Cabernet with purity of local expression.

LAZULI: Named after the precious blue gemstone 'Lapis Lazuli', this wine is only made during the best vintages with top selected fruit; a wine with impressive character that only gets better with age.

"[Lazuli is an] elegant, pliant, fully mature wine... Impressive, showing very good energy." Stephen Tanzer, International Wine Cellar

Bursting with fresh fruit flavors and brisk acidity, Boya immediately impresses with its youthful, New World style made from grapes grown on oceanside vineyards on the Leyda coast.

WHY DOES BOYA STAND OUT?

- Boya vineyards are some of Chile's closest vineyards to the ocean, located five miles from the coast with direct exposure.
- Early harvest and young vineyards provide vibrancy and freshness in the wines.
- Using New World clones grown on selected soils (high iron and calcium carbonate) provides the freshest style.

PINOT NOIR: An elegant Pinot Noir that melds lively acidity with bright red fruits in a well-balanced, harmonious style. Intense nose of fresh fruits like strawberry, red cherries and plenty of floral aroma.

SAUVIGNON BLANC: The perfect balance of lime-tinged fruit and natural acidity with a clean, refined finish. An attractive nose of fresh white flowers and pineapple with hints of mango and passion fruit.

ROSE: 93% Pinot Noir with 7% Grenache, this rosé refreshes the palate with flavors of raspberry and tangerine with a mineral finish that begs for another glass.

"Fresh, young, citric, exotic." - Luis Gutierrez, The Wine Advocate

5th generation, family-run, and the most awarded Chilean winery in the 21st century; Casa Silva continues to invest in the future with extensive clonal studies and block-specific wines from the best-suited soils in the Colchagua Valley.

WHY DOES CASA SILVA STAND OUT?

- Casa Silva is a multi-generational, family owned and run winery with all members living locally in Colchagua.
- The Silva family pioneered grape growing in the Colchagua Valley with the first vineyards back in 1892.
- Casa Silva runs the highest level of research and development in Chile for Carmenere including new vineyard plantings, soil research, and clonal studies.

SAUVIGNON GRIS: A rarely-seen varietal harvested from vines planted in 1912.

CARMENERE CUVEE COLCHAGUA: This wine elevates the conversation about less-expensive Carmenere.

CARMENERE LOS LINGUES: A single-vineyard wine showing an Andean-climate expression of Carmenere.

CABERNET SAUVIGNON LOS LINGUES: A single-vineyard wine showing an Andean-climate expression of Carmenere.

COOL COAST SAUVIGNON BLANC: Harvested from Paredones, a rising star vineyard for cool-climate varietals.

LAGO RANCO SAUVIGNON BLANC: Harvested from the first vineyard ever planted in the Lake District of Patagonia; pioneered and planted by Casa Silva in 2006.

MICROTERROIR: The result of groundbreaking research aimed at defining Carmenere's potential in Chile.

ALTURA: The winery's top production - made in minimal quantities and bottle-aged before release.

"Truly impressive... The future for Carmenere." [on Altura] Robert Parker's The Wine Advocate

J.BOUCHON

J. Bouchon shares their French and Chilean heritage through their wines made with Bordeaux varietals plus Chile's Carmenere, Carignan and Pais from the best vineyard blocks in Maule

WHY DOES J. BOUCHON STAND OUT?

- J. Bouchon's Canto Norte blend represents their French ancestry (Merlot/Cabernet Sauvignon/Cabernet Franc), and the Canto Sur blend represents their Chilean roots (Carmenere/Carignan/old vine Pais).
- J. Bouchon's fresh, unoaked blends show natural structure and character of the vineyards.
- J. Bouchon's Block Selection Cabernet is harvested from Maule's most premium vineyards.

CANTO NORTE: Echoes Bordeaux's Right Bank Merlot-based blends. Unoaked and fresh.

CANTO SUR: Echoes Chile's historic and signature varietals, blending Carmenere, Carignan and old vind Pais.

CABERNET SAUVIGNON: Specific block selections blend together for a Cabernet that structurally speaks to the terroir complexity of Maule.

PAIS SALVAJE: Never been touched by the human hand, these Pais vines grow widly in the trees next to the vineyards. 100% organic, 100% dry-farmed, 100% wild.

PAIS SALVAJE BLANCO: Harvested lighter clusters from the wild pais vines and aged in an ancient tinaja (clay amphora) with native yeast with no filtration.

PAIS VIEJO: 'Old Pais' is a wine with history. Made with Pais grapes from over 100-year-old Gobelet vines planted in the dry-farmed, coastal region of Maule.

Descorchados Winery of the Year
- Descorchados 2017

P.S. GARCIA

Felipe Garcia leads the 'New Chile' revolutionaries - working with local growers to produce small batch wines that bring the Chilean wine conversation to a human scale.

WHY DOES P.S. GARCIA STAND OUT?

- P.S. Garcia's micro-boutique winemaking is small, hands-on, and with 3 wines adding up to only 750 cases imported to the US.
- P.S. Garcia works with growers from Chile's finest, old vine vineyards in Maule (VIGNO) to preserve Chile's 'ancestral viticulture'.
- Felipe is a founding member of MOVI (Movement of Independent Vintners) and VIGNO (Vignadores de Carignan - Chile's first official appellation association) to support small, human-scale producers.

BRAVADO: Harvested from a schist hillside on the slopes of Itata, Bravado is a blend of red varietals that show the spirit & history of Chile's oldest winemaking region.

FACUNDO: A Carignan-based blend that shows the true potential and elegance of the Maule and Itata Valleys.

VIGNO: Made from old vines in Maule that are a part of the revolutionary Carignan VIGNO movement.

"Elegant rusticity in a bottle... All of the wines are highly recommended." - Luis Gutierrez, Robert M Parker Jr.'s The Wine Advocate

Extraordinary wines from the driest desert on earth - experience the clear skies and high elevations of Chile's Elqui Valley with every sip of Mayu.

WHY DOES MAYU STAND OUT? -----

- Elqui's arid desert climate exposes vines to intense solar radiation and large temperature fluctuation. This leads to wines with concentrated aromatics, deeper color, and developed tannins.
- Mayu's Pedro Ximenez is harvested from one of the highest elevation vineyards in Chile at 6,320 feet.
- A unique varietal (PX), an unusual blend (Carmenere-Syrah), and a balanced, citrus-driven Sauvignon Blanc makes for a one-of-a-kind trio.

PEDRO XIMENEZ: Single-vineyard, old vine PX from one of Chile's highest elevation vineyards at 6,320 ft.

SAUVIGNON BLANC: Cool coastal fog combines with strong sun to make a fresh & aromatic white.

CARMENERE-SYRAH: An unusual Chilean blend from the warmer central vineyards in the valley.

"The Elqui Valley is one place to keep in mind. [Mayu] wines offer mindboggling quality and character at unbelievable prices." - Luis Gutierrez, Robert M Parker Jr.'s The Wine Advocate

SOLdeSOL

Harvested from the first vines ever planted in the cooler, southern Malleco Valley, Sol de Sol has grown to be the benchmark for cool climate, age-worthy Chardonnay and Pinot Noir from Chile.

WHY DOES SOL DE SOL STAND OUT?

- Felipe de Solminihac was the first to ever plant vines in Malleco after being inspired by the cooler, rainy climate similar to Burgundy and Oregon.
- Sol de Sol uncovered a new region and created a new category of world-class, age-worthy Chilean Chardonnay.
- Sol de Sol's older vintages maintain balance, acidity, and gain more complexity with time.

VINES-

CHARDONNAY: A Chardonnay with incredible complexity that can age like fine Burgundy.

PINOT NOIR: This wine may prove the Malleco Valley to be the holdy grail for Chilean Pinot Noir.

"Impressive... makes you salivate and look forward to the next bite."

- Luis Gutierrez, Robert M Parker Jr.'s The Wine Advocate
