Wine

Luis Reginato pioneers Argentine winemaking with terroir-focused, original varietal wines that speak to the future of Mendoza.

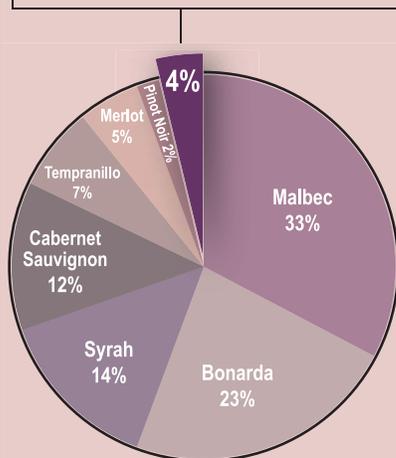

Less common varietals like Cabernet Franc and Petit Verdot make Chaman stand out in a Malbec-dominated category.

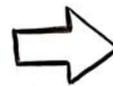

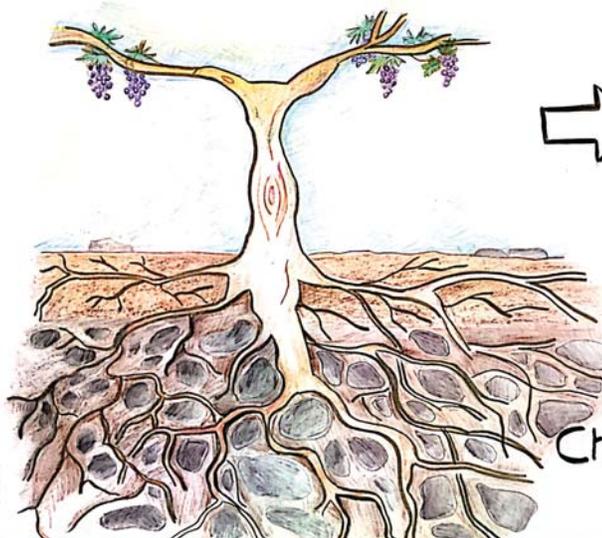

Chaman is Luis Reginato's homage to the vineyard wisdom handed down by his father and wine mentor, or 'shaman,' José Reginato.

CABERNET FRANC & PETIT VERDOT combined make up less than 4% of all grapes planted in Argentina.
