## Focus Chile's South

### 92 | Bouchon

**2020 Maule Viejo País (Best Buy)** These centenarian vines are dry farmed in the granitic sands of Chile's coastal hills, their fruit destemmed through the traditional *zaranda* and then fermented in concrete by ambient yeasts. Its light red flavors fall somewhere between baked strawberry and ripe cherry tomato, while acidity underlines it, feeling brisk and cool. Grounded in the Chilean south, it keeps giving with a pure, rustic appeal. *Reviewed by Joshua Greene.*
